

# Feel the difference in **G r a v i t y**

Pick up **2** bricks at a time,  
*one in each hand.*

**Feel the difference!**

The 10 lb. one shows normal **Earth** gravity

The same-colored faux brick weighs 3.8 lbs

On **Mars** things are only 38% as heavy

The gray-colored brick weighs 1.6 lbs

On the **Moon** things are only 16% as heavy
